

Intuitive Sciences Series: *The World of Symbols*

With Dr. Beth Hedva, PHD, RMFT, DABPS, DAPA

According to legend, before the wisdom of the ancients began to recede into the dark ages of history, wise men and women gathered in Morocco. It is said that they encoded their teachings in signs and symbols that described five paths to awaken the human spirit.

We are told these teachings became a deck of 78 'playing-cards' to ensure their survival. It was foretold that, in years to come, most would not recognize the true inner value of the tarot, and those who could decipher the code would share these ancient teachings in their own day and age.
